**Date:** 07/15/2011 06:42 PM  
**Importance:** High

---

Please look at the viewer, hosted on the Orator Server, we used for the Los Alamos Fire earlier this month. The nice thing about this web map is that we can control the base layers and make it as generic as possible to protect privacy concerns.

Chew on this over the weekend and lets talk Monday on if you want something like this deployed.

The username and password is (b) (6)

 Subject: REVISED Updated Web Map - REVISED

The map has the location of the 12 EPA samplers (12 samplers - six at original locations and six at newer locations) as well as the 9 USDOE RAP sampling locations. Please let me know if there are any questions. The user name and password is losalamos11. Click on the monitoring sites check box. EPA locations are in orange and DOE locations are in purple.
